

Dear Store Manager / Grocery Manager,

I frequent your store for many of my grocery and specialty food products. I would like to introduce to you a product that is not available in your store. The Brand name is "That's A Nice!"

They specialize in Southern Italian Condiments, Soups, Sauces and Coffees. Would you please consider carrying this product line.

These items can be ordered direct from their Los Angeles warehouse. Select items are also available through their distributors. Please contact me when this product line comes into your store.

Thank you,
